What is Accessibility?

• The design and composition of an environment so that it can be accessed, understood and used to the greatest extent possible by all people regardless of their age, size, ability or disability.
Design Options

• We have been asked to create three differing concepts for the City to review. One will be selected by them to move forward.

• These are ideas intended to show a broad range of possibilities.

• We want your help to turn each one into its best version for the City’s consideration.

• Elements of each design can be combined to produce the final iteration.
Concerns

- Operating a 21st century Library
- Honoring the Carnegie
- Saving trees
- Maintaining the sledding hill
- Preservation of the historic wall
HISTORIC PRESERVATION

• New building to be of its own time
• Materiality adds to the story over time
• Addition can be reversible
• Sympathetic to the existing structure
• Secretary of Interiors (SOI) All preservation commissions use this as the BOD

Have you eaten dinner yet tonight?

Yes!

Nope.

I'm eating now...
