MAPS Project Paving on Nov. 15 & Nov. 16

MANITOU SPRINGS CO – Wildcat construction will be paving the remaining half of the residential side of Manitou Avenue (the side that intersects with Waltham, Minnehaha, and Ute) on Monday, Nov. 15 – Tuesday, Nov. 16. This will result in temporarily blocked access to Ute and Minnehaha – NEVER both at the same time.

In addition, blocked garage access for the apartment complex in-between Ute and Minnehaha will be in place. We are asking that the residents of this complex move their vehicles from the garage by 8AM on Monday and put them back in at 7PM on Tuesday, to allow for Wildcat Construction to complete this paving without delay. We greatly appreciate your understanding!

MAPS PROJECT NOTIFICATION

MAPS Project – Paving Operations Nov. 15 – Nov. 16

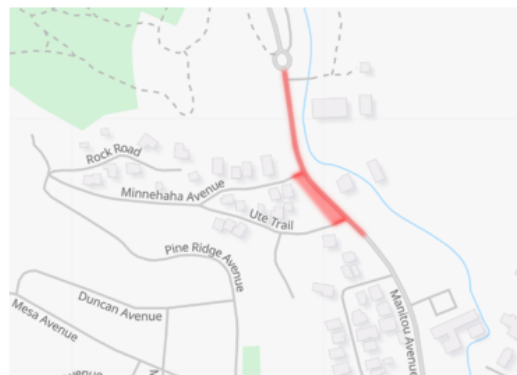

Wildcat Construction will be paving the remaining half of the residential side of Manitou Avenue (the side that intersects with Waltham, Minnehaha, & Ute).

Disruptions:

- Temporary blocked access to Ute and Minnehaha (**never both at the same time**)
- Blocked access to garages for the apartment complex in-between Ute & Minnehaha
 - Vehicles will need to be removed from their garages by 8AM on Monday (11/15)

Operations Start: Monday at 8AM

Operations Tentatively End: Tuesday at 7PM

 Affected Area

Thank you for your understanding!
