

AN ORDINANCE ADDING A NEW CHAPTER 5.84 TO TITLE 5 OF THE MANITOU SPRINGS MUNICIPAL CODE REGARDING MEDICAL MARIJUANA

WHEREAS, on November 7, 2000, the voters of the State of Colorado approved Amendment 20, which added Section 14 of Article XVIII to the Colorado Constitution, and created a limited exception from criminal liability under Colorado law (as opposed to federal law) for seriously ill persons who are in need of marijuana for specified medical purposes and who obtain and use medical marijuana under the limited, specified circumstances described in Amendment 20;

WHEREAS, during the 2010 legislative session, the Colorado Legislature adopted legislation, House Bill 10-1284, which in pertinent part added a new Article 43.3 to Title 12 of the Colorado Revised Statutes, to be known as the Colorado Medical Marijuana Code;

WHEREAS, the Colorado Medical Marijuana Code clarifies Colorado law regarding the scope and extent of Amendment 20 to the Colorado Constitution, Article XVIII, § 14, and at the same time authorizes a regulatory scheme for the retail sale, distribution, and dispensing of medical marijuana known as a "medical marijuana center," and further authorizes licensing mechanisms known as an "optional premises cultivation operation" and a "medical marijuana-infused products manufacturers' license";

WHEREAS, C.R.S. § 12-43.3-106 specifically authorizes the governing body of a municipality to "vote to prohibit the operation of medical marijuana centers, optional premises cultivation operations, and medical marijuana-infused products manufacturers' licenses";

WHEREAS, C.R.S. § 12-43.3-310 specifically authorizes a municipality "to prohibit the operation of medical marijuana centers, optional premises cultivation operations, and medical marijuana-infused products manufacturers' licenses . . . based on local government zoning, health, safety, and public welfare laws for the distribution of medical marijuana that are more restrictive than this article";

WHEREAS, C.R.S. § 12-43.3-308(1)(c) provides that the state and local licensing authorities shall not receive or act upon a new application pursuant to the Colorado Medical Marijuana Code "for a location in an area where the cultivation, manufacture, and sale of medical marijuana as contemplated is not permitted under the applicable zoning laws of the municipality, city and county, or county";

WHEREAS, despite the adoption of Amendment 20 and House Bill 10-1284, marijuana is still a controlled substance under Colorado and federal law, and making it legal for a person to obtain, possess, cultivate, grow, use and distribute marijuana, even for medical use as contemplated by Amendment 20 and House Bill 10-1284, has the potential for abuse that should be closely monitored and regulated by local authorities;

WHEREAS, if not closely monitored and regulated, the presence of marijuana, even for the purposes legally permitted by Amendment 20 and the Colorado Medical Marijuana Code,

can cause an increase in illegal activities within the City affecting the health, safety, order, comfort, convenience and general welfare of the residents of the City;

WHEREAS, if medical marijuana centers operating pursuant to the Colorado Medical Marijuana Code were allowed to be established and to operate without appropriate local regulation of their location, operations, and licensing, they might be established in areas or in a manner that would be inconsistent with surrounding uses, or that might be otherwise detrimental to the public health, safety and welfare;

WHEREAS, the City Council has carefully considered Article XVIII, § 14 of the Colorado Constitution, the Colorado Medical Marijuana Code, and the secondary effects of medical marijuana centers, optional premises cultivation operations, and medical marijuana-infused products manufacturing on the health, safety and welfare of the City Manitou Springs and its inhabitants;

WHEREAS, the City Council has determined as an exercise of its local land use authority that medical marijuana centers may operate in the City subject to the regulations set forth in this Ordinance, but that optional premises cultivation operations and medical marijuana-infused products manufacturing shall be prohibited in the City;

WHEREAS, the City Council acknowledges that pursuant to C.R.S. § 12-43.3-103(2)(b), medical marijuana centers are required to cultivate at least seventy percent (70%) of the medical marijuana necessary for their operation, and that by prohibiting cultivation in the City, medical marijuana centers located in the City must obtain marijuana from their own cultivation operations located outside of the City;

WHEREAS, the City Council acknowledges that the Colorado Medical Marijuana Code does not expressly address whether licenses may be issued to a medical marijuana cultivation operation outside of a municipality that will supply a medical marijuana center within a municipality;

WHEREAS, the City Council takes no position regarding this multi-jurisdictional licensing issue and the City Council acknowledges that if a medical marijuana center located within the City is unable to supply itself with medical marijuana from a cultivation operation located outside of the City in compliance with the Colorado Medical Marijuana Code, the medical marijuana center may not operate within the City;

WHEREAS, the City Council recognizes the protections afforded by Article XVIII, § 14 of the Colorado Constitution, and affirms the ability of patients and primary caregivers to otherwise be afforded the protections of Article XVIII, § 14 of the Colorado Constitution and C.R.S. § 25-1.5-106; and

WHEREAS, the City Council hereby finds, determines and declares that it has the power to adopt this Article pursuant to:

1. The Local Government Land Use Control Enabling Act, article 20 of title 29, C.R.S.;
2. Part 3 of Article 23 of Title 31, C.R.S. (concerning municipal zoning powers);

3. Section 31-15-103, C.R.S. (concerning municipal police powers);
4. Section 31-15-401, C.R.S. (concerning municipal police powers);

7. The powers contained in the City of Manitou Springs Home Rule Charter; and
8. Section 12-43.3-101, *et seq.*, C.R.S. (known as the Colorado Medical Marijuana Code).

The conviction for a felony by a licensee, or owner, officer, manager, or employee of a licensee shall be grounds for the revocation of an existing license. If the local licensing authority considers an individual's criminal history, the local licensing authority shall also consider any information provided by the individual regarding such criminal history record, including but not limited to evidence of rehabilitation, character references, and educational achievements, especially those items pertaining to the period of time between the applicant's last criminal conviction and the consideration of the individual's criminal history. C. The applicant(s) must provide a State Sales Tax Number to the City at the time of business license application.

5.84.090 Standards for issuance of license.

The local licensing authority shall issue a license under this Article when, from a consideration of the application and from such other information as may otherwise be obtained, the local licensing authority determines that the application complies with all of the requirements of this Article and the Colorado Medical Marijuana Code, including the following:

5.84.100 Authority to impose conditions on license.

The local licensing authority shall have the authority to impose such reasonable terms and conditions on a license as may be necessary to protect the public health, safety and welfare, and to obtain compliance with the requirements of this Article and applicable law.

5.84.110 Application review procedure.

- A. Public hearing – posting and publication

1. Upon receipt of an application for a local license, except an application for renewal or for transfer of ownership, the local licensing authority may schedule a public hearing upon the application to be held not less than thirty (30) days after the date of the application. If the local licensing authority schedules a hearing for a medical marijuana center application, it shall post and publish public notice thereof not less than ten (10) days prior to the hearing. The local licensing authority shall give public notice by the posting of a sign in a conspicuous place on the medical marijuana center premises for which application has been made and by publication in a newspaper of general circulation in El Paso County.

2. Public notice given by posting shall include a sign of suitable material, not less than twenty-two inches (22") wide and twenty-six inches (26") high, composed of letters not less than one inch (1") in height and stating the type of license applied for, the date of the application, the date of the hearing, the name and address of the applicant, and such other information as may be required to fully apprise the public of the nature of the application. The sign shall contain the names and addresses of the officers, directors, or manager of the facility to be licensed.

3. Public notice given by publication shall contain the same information as that required for the posting of signs.

4. If the building in which medical marijuana is to be sold is in existence at the time of the application, the sign shall be posted so as to be conspicuous and plainly visible to the general public. If the building is not constructed at the time of the application, the applicant shall post a sign at the premises upon which the building is to be constructed in such a manner that the notice shall be conspicuous and plainly visible to the general public.

B. Results of investigation.

1. Not less than five days prior to the date of the public hearing, the local licensing authority shall make known its findings, based on its investigation, in writing to the applicant and other parties of interest. The local licensing authority has authority to refuse to issue a license provided for in this section for good cause, subject to judicial review.

2. Before entering a decision approving or denying the application for a local license, the local licensing authority may consider, except where this Article specifically provides otherwise, the facts and evidence adduced as a result of its investigation, as well as any other facts pertinent to the type of license for which application has been made, including the number, type, and availability of medical marijuana outlets located in or near the premises under consideration, and any other

pertinent matters affecting the qualifications of the applicant for the conduct of the type of business proposed.

3. Within thirty (30) days after the public hearing or completion of the application investigation, a local licensing authority shall issue its decision approving or denying an application for local licensure. The decision shall be in writing and shall state the reasons for the decision. The local licensing authority shall send a copy of the decision by certified mail to the applicant at the address shown in the application.

4. After approval of an application, a local licensing authority shall not issue a local license until the building in which the business to be conducted is ready for occupancy with such furniture, fixtures, and equipment in place as are necessary to comply with the applicable provisions of this Article, and then only after the local licensing authority has inspected the premises to determine that the applicant has complied with the architect's drawing and the plot plan and detailed sketch for the interior of the building submitted with the application.

5. After approval of an application for local licensure, the local licensing authority shall notify the state licensing authority of such approval.

5.84.120 Transfer of ownership.

In determining whether to permit a transfer of ownership, the local licensing authority shall consider only the requirements of this Article, the Colorado Medical Marijuana Code, and any related rules or regulations. The local licensing authority may hold a hearing on the application for a transfer of ownership; provided the local licensing authority shall not hold a hearing pursuant to this Section until the local licensing authority has posted a notice of hearing in the manner described in Section 5.84.110 on the licensed medical marijuana center premises for a period of ten (10) days and provided notice of the hearing to the applicant at least ten (10) days prior to the hearing.

5.84.130 Renewals.

A. A licensee shall apply for the renewal of an existing license to the local licensing authority not less than forty-five (45) days prior to the date of expiration. The local licensing authority shall not accept an application for renewal of a license after the date of expiration, except as provided in Subsection B. The local licensing authority, in its discretion, subject to the requirements of this Section, and based upon reasonable grounds, may waive the forty-five (45) day time requirement. The local licensing authority may hold a hearing on the application for renewal only if the licensee has had complaints filed against it, has a history of violations, or there are allegations against the licensee that would constitute good cause. The local licensing authority shall not hold a renewal hearing provided for by this subsection A for a medical marijuana center until it

has posted a notice of hearing on the licensed medical marijuana center premises in the manner described in Section 5.84.110 for a period of ten (10) days and provided notice to the applicant at least ten (10) days prior to the hearing. The local licensing authority may refuse to renew any license for good cause, subject to judicial review.

B. Notwithstanding the provisions of subsection A, a licensee whose license has been expired for not more than ninety (90) days may file a late renewal application upon the payment of a nonrefundable late application fee of five hundred dollars (\$500.00) to the local licensing authority. A licensee who files a late renewal application and pays the requisite fees may continue to operate until both the state and local licensing authorities have taken final action to approve or deny the licensee's late renewal application unless the state or local licensing authority summarily suspends the license.

5.84.140 Suspension and revocation.

A. The local licensing authority may revoke or elect not to renew any license if it determines that the licensed premises have been inactive, without good cause, for at least one year.

B. In addition to any other sanctions prescribed by this Article, the Colorado Medical Marijuana Code, or related rules and regulations, the local licensing authority has the power, on its own motion or on complaint, after investigation and opportunity for a public hearing at which the licensee shall be afforded an opportunity to be heard, to suspend or revoke a license issued by the local licensing authority for a violation by the licensee or by any of the agents or employees of the licensee of the provisions of this Article, the Colorado Medical Marijuana Code, or related rules and regulations, or of any of the terms, conditions, or provisions of the license. The local licensing authority has the power to administer oaths and issue subpoenas to require the presence of persons and the production of papers, books, and records necessary to the determination of a hearing that the state or local licensing authority is authorized to conduct.

B. The state or local licensing authority shall provide notice of suspension, revocation, fine, or other sanction, as well as the required notice of the hearing pursuant to subsection B, by mailing the same in writing to the licensee at the address contained in the license. Except in the case of a summary suspension, a suspension shall not be for a longer period than six (6) months. If a license is suspended or revoked, a part of the fees paid therefore shall not be returned to the licensee. Any license or permit may be summarily suspended by the local licensing authority without notice pending any prosecution, investigation, or public hearing pursuant to the terms of C.R.S. § 24-4-104 (4).

C. Whenever a decision of the local licensing authority suspending a license for fourteen (14) days or less becomes final, the licensee may, before the operative date of the suspension, petition for permission to pay a fine in lieu of having the license suspended for all or part of the suspension period. Upon the receipt of the petition, the local licensing authority may, in its sole discretion, stay

the proposed suspension and cause any investigation to be made which it deems desirable and may, in its sole discretion, grant the petition if the local licensing authority is satisfied that:

1. The public welfare and morals would not be impaired by permitting the licensee to operate during the period set for suspension and that the payment of the fine will achieve the desired disciplinary purposes;

2. The books and records of the licensee are kept in such a manner that the loss of sales that the licensee would have suffered had the suspension gone into effect can be determined with reasonable accuracy; and

3. The licensee has not had his or her license suspended or revoked, nor had any suspension stayed by payment of a fine, during the two years immediately preceding the date of the motion or complaint that resulted in a final decision to suspend the license or permit.

D. The fine accepted shall be not less than five hundred dollars nor more than one hundred thousand dollars.

E. Payment of a fine shall be in the form of cash, a certified check or cashier's check made payable to the local licensing authority.

F. Upon payment of the fine pursuant to subsection C, the local licensing authority shall enter its further order permanently staying the imposition of the suspension.

5.84.150 Penalty.

Failure to comply with the terms of this Article shall constitute a violation of this Code. Any person found guilty of or who pleads guilty or *nolo contendere* to a violation of any section of this Article shall be subject to a fine not to exceed one thousand dollars (\$1,000.00) or a term of imprisonment not to exceed one (1) year, or both such fine and imprisonment.

Section 2: The moratorium on medical marijuana operations imposed by the City shall terminate upon this Ordinance becoming effective.

Section 3: If any article, section, paragraph, sentence, clause or phrase of this ordinance is held to be unconstitutional or invalid for any reason, such decision shall not affect the validity or constitutionality of the remaining portions of this ordinance. The City Council hereby declares that it would have passed this ordinance and each part or parts hereof irrespective of the fact that any one part or parts be declared unconstitutional or invalid.

Section 4: The repeal or modification of any provision of Manitou Springs Municipal Code by this ordinance shall not release, extinguish, alter, modify or change in whole or in part any penalty, forfeiture or liability, either civil or criminal, which shall have been incurred under such provision. Each provision shall be treated and held as

still remaining in force for the purpose of sustaining any and all proper actions, suits, proceedings and prosecutions for enforcement of the penalty, forfeiture or liability, as well as for the purpose of sustaining any judgment, decree or order which can or may be rendered, entered or made in such actions, suits, proceedings or prosecutions.

Section 5: This ordinance is deemed necessary for the protection of the health, welfare and safety of the community.

Section 6: This ordinance shall take effect five (5) days after final approval and adoption on second reading.
